

# Peer Assessment sounds like...

*Talking about improvements*

*Highlighter and pen ink flowing!*

Things we might say when we are peer assessing...

*"What are our success criteria?"*

*"I like the way you..."*

*"Show me where..."*

*"I think you could..."*

*"I think you could add..."*

*"I think you could change..."*

*"I think you could use..."*

*"I think you could improve..."*

*"What's another word for...?"*

*"How about this word instead of...?"*

*"Let's use a thesaurus."*

*"What do you think of that?"*

*"Does that sound helpful?"*

*"Do you need more help to do that?"*

*"I'm not sure about that, should we ask somebody?"*
