

ONE PAGER INSTRUCTIONS

A one pager is a way to visually share key ideas and information from what you have learned. When you create a one pager, you are trying to use both visual symbols and important words to clearly and concisely share your most important takeaways with someone else.

For this one pager, I've provided you with a template.

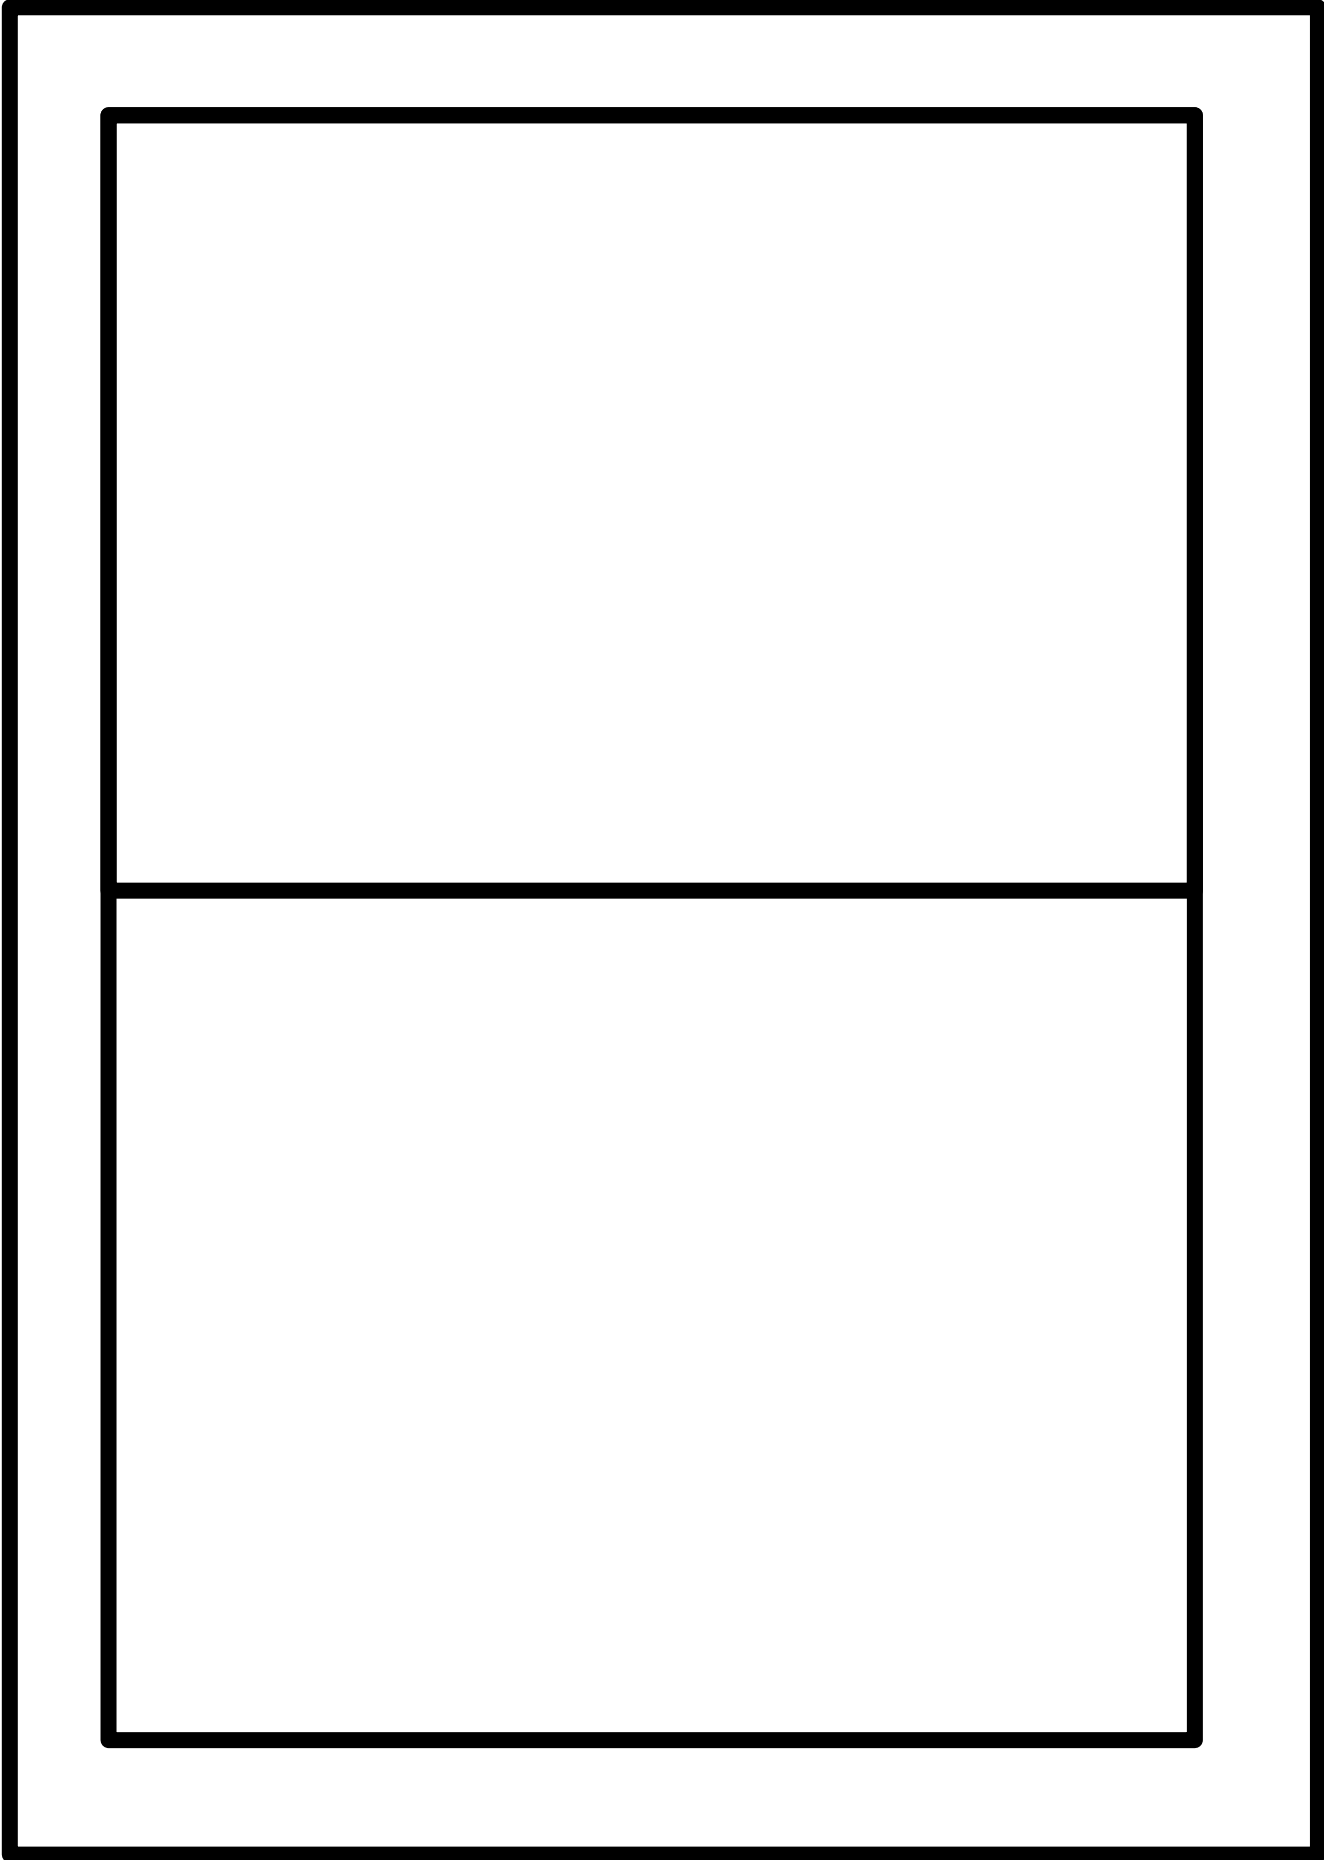

Must have:

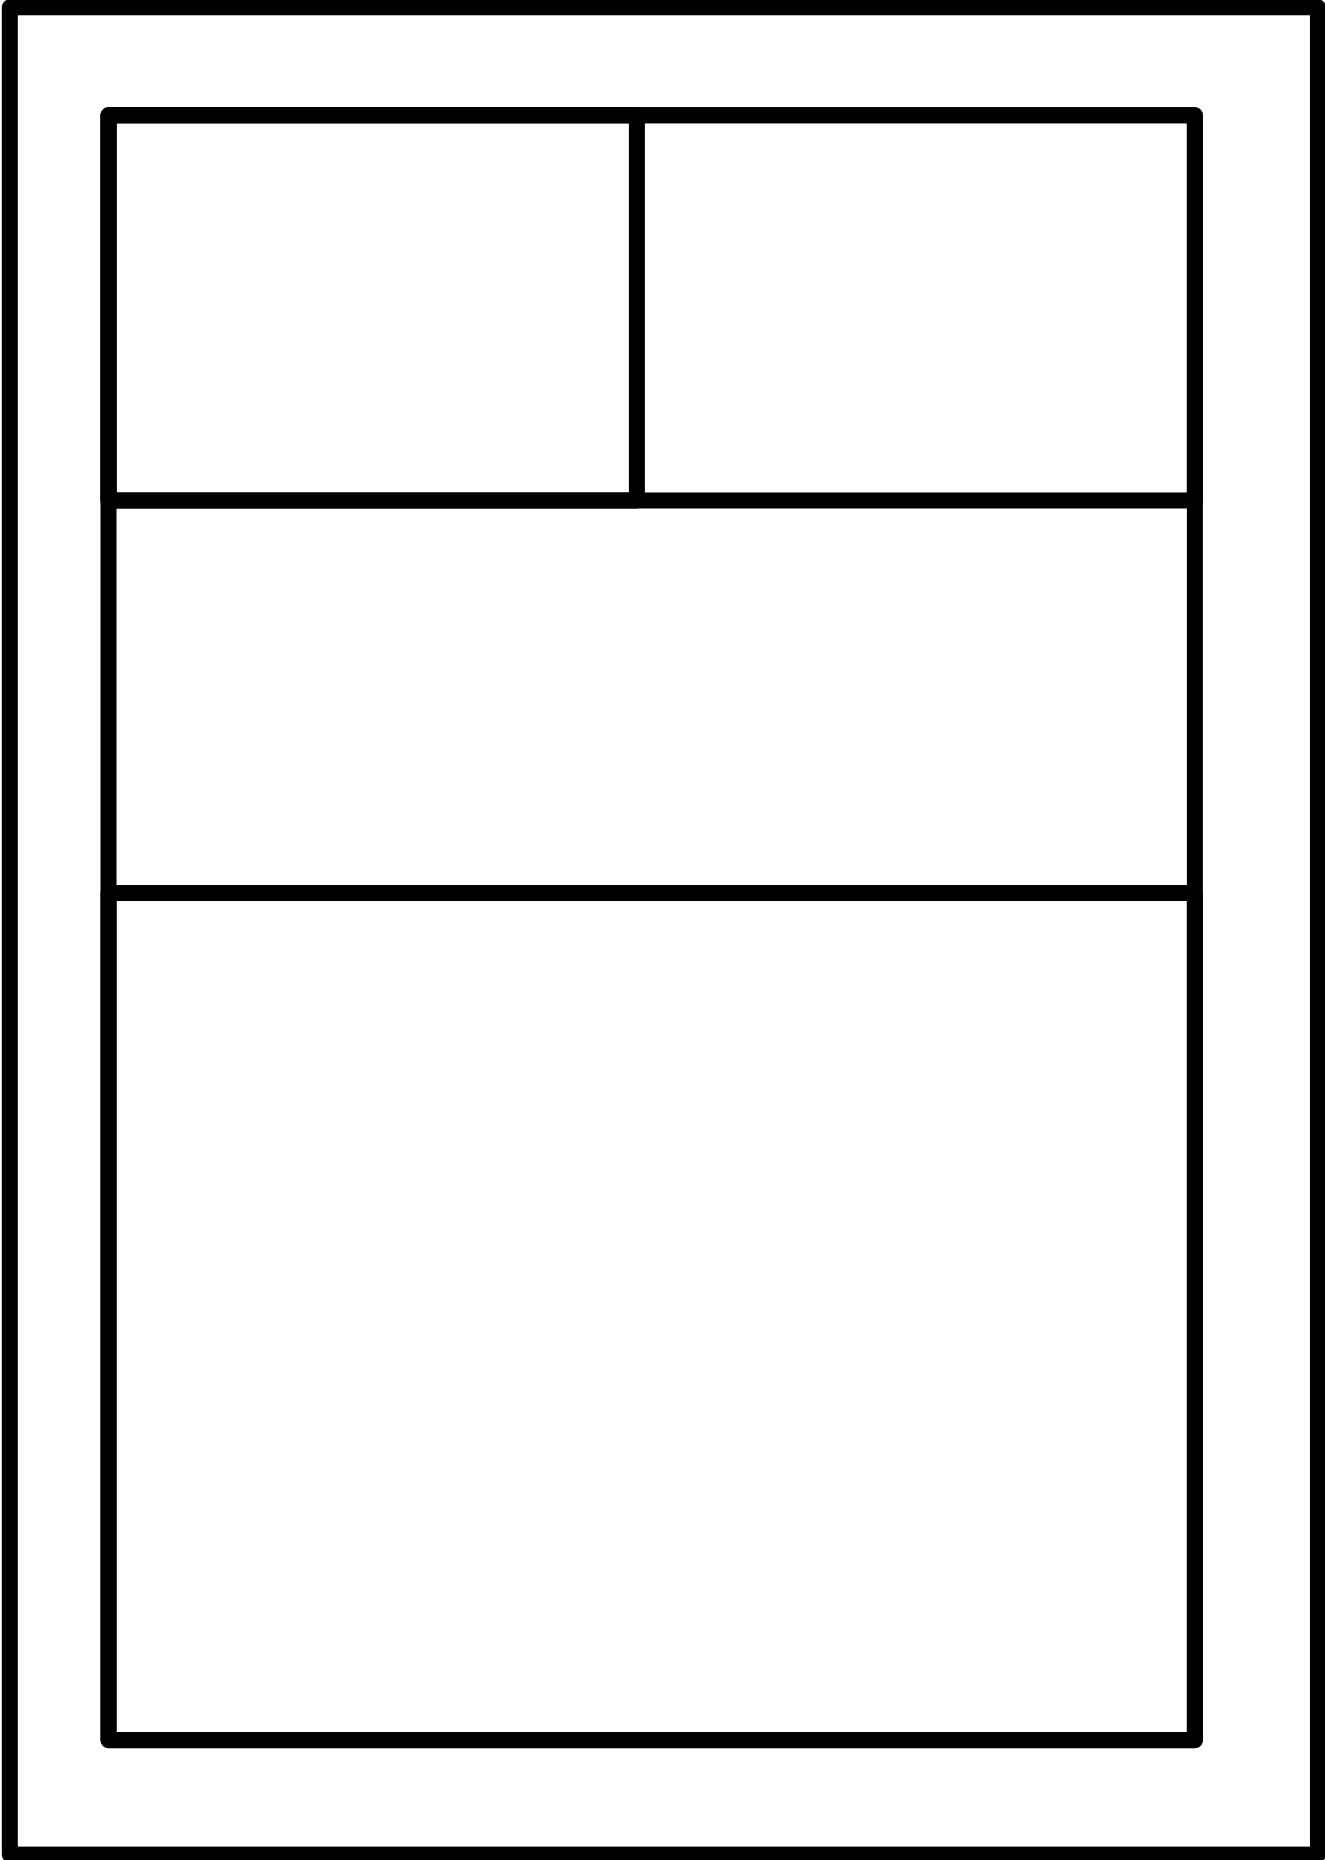

- A **border** which somehow represents the key themes from what you have read.
- **Upper left hand corner:** An image with a quotation woven into or around it. This image should somehow represent what you consider to be the most important symbol in the text so far.
- **Upper right hand corner:** Images and/or doodled words that represent the key characters from the text (and perhaps how they are changing).
- **Lower left hand corner:** Images and words that show connections between the themes and ideas in the writing to other texts, movies, or modern day life.
- **Bottom right hand corner:** Images and/or words that show the significance of the setting in some way.

Include:

- ✓ At least three important quotations from the text
- ✓ Page numbers

You may also add other symbols, drawings, and words that represent the reading as you wish.
